### Overview

Slim and portable at 0.83" thin, the 14" ThinkPad T450 Ultrabook from Lenovo is built with ports and connectivity options that are often found on mobile workstations. Designed for business productivity, this system is powered by a 1.9 GHz Intel Core i5-4300U processor that allows you to run multiple applications simultaneously. If you need more power, the processor can be overclocked to 2.9 GHz and the system's 8GB of RAM allows the computer to quickly access frequently-used files and programs.
